UA Construction Engineering Management Students
Isidro Garcia and Luis Tzintzun Awarded the 2022-23 Heavy Civil Scholarship from the Beavers

Congratulations to Isidro Garcia and Luis Tzintzun on receiving the Beavers Scholarship for UA civil engineering students pursuing careers in heavy civil construction. The Beavers was founded in 1955 as a heavy civil construction association. “The purpose of the Beavers is to promote goodwill, friendliness and consideration within the heavy engineering construction industry; to give recognition to those men and women who have demonstrated particular skill, responsibility and integrity; and to encourage and support entry of promising young individuals into heavy engineering construction.” Isidro interned with Ames Construction in Phoenix and is part of the Timber Strong Design-Build Team. Luis Tzintzun interned with Granite Construction in Tucson and is part of the Heavy Civil Team competing at ASC Reno, Region 6.
