

## The [Associated Schools of Construction Region 6 & 7](#)

[Competition](#) includes numerous construction-related competitions including design-build. This event is held in Reno, NV during the first week in February. Student teams have one day to prepare a written response and a presentation in response to a request for proposals (RFP) prepared by Industry professionals. This premier event is attended by 53 universities from 21 states. Over 1,500 students participate, interact and network with over 1,400 industry professionals from 104 companies. The competition is followed by a mega-career fair. University of Arizona students from all undergraduate levels and from all majors with an interest in design-build are welcome to participate. Student teams practice under the guidance of industry coaches throughout the fall and spring semesters. Contact Prof. Papajohn ([dpapajohn@arizona.edu](mailto:dpapajohn@arizona.edu)) for more details.
